2. Any traction control device utilizing wheel sensors or any means of measuring ground speed to control wheel spin are strictly prohibited.
3. Any remote controlled device inside or outside the cockpit of any competitor's racecar are strictly prohibited.
4. A competitor found with any of the above mentioned will lose the complete device permanently and will be disqualified and may be suspended.
5. There is a \$300.00 claim rule on all ignition boxes.
(See Claim Rule Section for more info.)

STARTS

1. We will continue to use the green light system. This system will be used for all starts for Heats, Last Chance and/or Features.
2. The green light at the end of the front straightaway is under the control of the flagman and will be used on all starts.

3. After the "one lap to go" signal has been given, the field must maintain an orderly, controlled pace around to turn 4, with the front row running side by side. Provided that the line up is good, the race will be started at some point between exiting turn 4 and the flag stand, The race will not start until the green light is switched on.
4. Anticipating the start, or firing before the start will be considered a penalty and the offending driver or drivers will be put back one row.
5. In the event of a caution, before the first lap is complete, due to a multi car accident, the field will be lined-up for a complete restart in the original grid order, provided there are no penalties to be assessed. In the event you go in the pits you must be back on the track to take the "one lap to go" signal to get your original starting position back, if not you must go to the rear.
6. All classes in the event of a caution, before the first lap is completed and you go to the pits and don't make it back out to take the "one to go" signal you can not move up to the next class and race.

DOUBLE FILE RE-STARTS WITH THE LEADER OUT FRONT

1. All divisions will use the double file restarts on all Dixie & Rome point's races.
2. When a caution flag occurs after the first lap is completed the cars will line back up single file. When officials conclude every car is in proper position, the signal will be given to the field and the leader will move up to the front row alone while the rest of the field will line up as they were running 2nd place inside 3rd place outside and so on .
3. On double file re-starts the leader starts the race between the designated markers in turns 3 and 4. The cars behind the leader must not change lanes until they pass the flag stand. Cars must not "lay back" in an attempt to get a roll or run on the cars in front of them.
4. Second (2nd) row cars cannot pull beside the leader until they pass the flag stand.
5. Any car that is judged to be jumping the start will be penalized one row. If the same car is judged to be jumping a second time in the same race, it will be penalized to the rear of the field.
6. Any driver who comes to a stop during the race, and in the opinion of the Officials, has done so deliberately to cause a re-start, will be put to the rear before the race is re-started.

FLAGS
